

CPC Tree Working Group Terms of Reference 2021

Comberton Parish Council Tree Working Group is delegated by the Parish Council to:

- Consider and monitor all matters relating to trees and hedging in the public areas of the parish and on land owned or managed by the Parish Council.
- Monitor all trees owned by the Parish Council as detailed in the Tree Survey report dated summer 2020 and to make recommendations to full Council for its consideration.
- To consider all matters relating to trees in private ownership where they impact on the public areas and to make recommendation to the appropriate authority.
- Consider all tree applications for work within a conservation area and to make recommendation to the Planning Committee for a response.
- Consider all implications relating to trees and hedging as part of planning applications and S106 Agreements.
- Consider all matters relating to the environment and biodiversity.

Administrative matters: No formal agenda, minutes or meeting are required as a working party not a committee, but it should report to the Parish Council regularly on its activities..

Financial matters: The Council members on the Tree Group together with the Clerk are delegated to use the budget allocated each year for tree maintenance and tree projects having due regard for the Council's standing and financial orders.

Members 2020 – 2021
